PROFILE SUMMARY

Computer Science undergraduate with basic Full-Stack experience in React, Node.js, and MongoDB through academic and personal projects. Enthusiastic about software development with a growing interest in AI/ML. Strong problem-solving mindset, demonstrated by consistently solving **250+ LeetCode problems**.

EDUCATION

B. Tech (Computer Science Engineering), Sharda University	CGPA: 8.4	2022–2026
Class XII, CBSE – Chhaya Public School	73%	2022
Class X, CBSE – Chhaya Public School	82%	2020

INTERNSHIP

Generation Entertainment | Web Developer Intern May, 2024 – July, 2024

- Main role was to work with a Frontend Development Team.
- Designed, built, and maintained websites using authoring or scripting languages, content creation tools, management tools, and digital media.
- Tasks included optimizing content loading and ensuring responsiveness.

PROJECTS

Taskzy – Personal Task Management App | React.js, Chakra UI, Node.js, Express, MongoDB July, 2025

- Built a full-stack task management web app with user authentication and secure session handling.
- Implemented task CRUD operations, priority tags, status filters, sorting, and pagination features.
- Deployed frontend on Netlify and backend on Railway with modular code architecture and RESTful APIs.
- Live Demo: taskzy-app.netlify.app/
- GitHub: github.com/singhalaadi/taskzy-capstone-project

Personal Portfolio | HTML5, CSS3, JavaScript, React.js June, 2025

- A modern, responsive portfolio website built with React + Vite to showcase my projects, skills etc.
- It has an interactive navigation with clean and modern UI.
- Live Demo: aaditya-singhal-portfolio.netlify.app/
- GitHub: github.com/singhalaadi/aaditya-singhal-portfolio

Jobify – Personal Job Application Management System | HTML5, CSS3, JavaScript, React.js May, 2025

- Developed a fully functional frontend for a job application system (Jobify) using React and Vite.
- Built user and admin interfaces with dynamic routing, form handling, and state management via Context API.
- Designed the architecture to support future backend integration (e.g., Node.js, REST API).
- GitHub: github.com/singhalaadi/job-board-react

SKILLS

Programming: - Java, JavaScript, Python, C++, MySQL, HTML, CSS
Frameworks & Libraries: - React.js, Node.js, Express.js, Bootstrap, Pandas, NumPy
Tools: - Git, GitHub, VS Code, Postman, Chrome DevTools, Netlify.
Soft Skills: - Problem Solving, Time Management, Team Collaboration, Attention to Detail, Fast Learner

CERTIFICATIONS

Google Analytics Certification from Google Digital Academy (Skillshop)	April, 2025
Python (Basic) Certificate from HackerRank	January, 2025
Database Foundation Course from Oracle Academy	November, 2024
AWS Developer Learning Plan	July, 2024
Oracle Java Fundamentals Course Completion	March, 2024
Complete Web Development Bootcamp 2023 from Udemy	September, 2023

CO-CURRICULAR / EXTRA-CURRICULAR ACTIVITIES

- Volunteered in organizing the College Freshers' Orientation Program (7 days), ensuring smooth coordination and student engagement.
- Presented a research paper at a Springer Conference - ICAAAIML'25 (under review for publication).
- Attended career guidance sessions by HackWithIndia, gaining insights into industry trends and career paths.
- Participated in the Community Connect Program organized by the department, contributing to collaborative academic initiatives.
